

INSTITUTIONAL presentation 2025

our history

PHARMACY IN LISBON

Laboratório Edol started its activity from a pharmacy in Lisbon.

1952

1962

1ST MANUFACTURING UNIT

Given the growth of the portfolio in both, Ophthalmology and Dermatology, it came as a necessity to build the first manufacturing unit in Linda-a-Velha.

RESTRUCTURING AND MODERNIZATION

A period of restructuring and modernisation of the entire Company began and a new business area, Dermocosmetics, was launched.

2000

2005

INTERNATIONALISATION

The focus was given to the internationalization process through the search for new markets.

NEW IMAGE

A corporate image was created.

2007

2008

NEW PREMISES

The growth led the company to a move to new premises, as well as, to the start of construction of a new production unit.

BETING ON OTORHINOLARYNGOLOGY

Attentive to the needs of the market, a new business area was launched, Otorhinolaryngology.

2012

2017

EXPANSION IN MOZAMBIQUE

We started our own activity in Mozambique as logistics operators, with the creation of Farmacêutica Austral.

LICENSING OF THE NEW FACTORY UNIT

2022

2023

START OF INDUSTRIAL ACTIVITY AT THE NEW FACTORY UNIT

Authorisation from the competent authorities to commence industrial activity and manufacture the first batches.

ENTERING THE VETERINARY MARKET

Creation of a new innovative business company dedicated to Ophthalmology for small animals, VAPP – Veterinária para Animais de Pequeno Porte.

mission vision values

MISSION

To improve people's **health and well-being**, providing communities and markets where we operate with **top quality therapeutic solutions**, being a **benchmark company** for our **employees, customers, and partners in attracting, retaining, and developing people and partnerships of excellence**.

VISION

To be a reference in the **European pharmaceutical market** as a manufacturing **partner of excellence in the production** for third parties of ophthalmic products for human and veterinary use.

To maintain **leadership and innovation** in the areas in which we operate at national level, reinforcing and expanding **international alliances**, with the **best alternative therapies for human and veterinary use**.
